-------------------	---	-----------------	--

Self- Guided Study/ Enrichment:

Writing a letter:

You are organizing a family party.

Write a letter to your friend inviting him/her to attend the party. In your letter:

- explain why you are organising the party
- describe what you are planning to do
- say why you want your friend to come to the party.

<p>1. Hot-air balloons typically fly in the early morning or late afternoon. Briefly explain why.</p> <p>2. Explain why different substances solids, liquids, or gases at room temperature are.</p>		<p>3. An oven with a convection setting has a fan and vent system that keeps air moving around inside of the oven. Conventional ovens do not have this type of system. Joelle claims that convection ovens cook food more quickly and evenly. Construct an explanation for this claim.</p> <p>4. Kim places 10 grams of ice at 0°C in a beaker that contains 80 grams of water at 20°C. When the ice melts completely, she measures the temperature of the water, which is at 9°C. a. Describe two ways that Kim could change the activity to get a colder final temperature.</p>
